

## EV25 Application - Deep Marking Steel

### Laser System: EV25

#### Marking Details

- 13 Second Cycle time
- Deepest mark possible within the cycle time
- High Contrast
- Single stroke vector font with a wobble
- 50 Microns Depth

#### Advantages of using the 25EV

- Much deeper mark over the Fiber Laser Systems
- Cleaner marking with reduced burning compared to the Lamp Pumped systems
- Air cooled system
- No consumables
- Low power consumption
